

Hartley Hill Residents

Please help preserve the character of our beautiful local area and object to this application for development on Haydn Avenue.

This picture shows houses on Haydn Avenue and Highland Road from your hillside - it might even be the view you see from your garden

9 Flats will be built here at 9b Haydn Avenue following Council approval in August 2019 and this bungalow will be demolished.

Developers want to demolish the grand Edwardian house at no. **11 Haydn Avenue**, to build 19 flats (in 2 blocks). This is another “windfall” site as far as Croydon Council are concerned. Please object before it’s too late.
