

Public Engagement Event – Creating a new Community Health Centre

Have your say on plans to develop a new Community Health Centre on land south of Malcolm Road, Coulsdon, CR5

When: 4th and 5th November 2021
1pm – 6pm

Matthew Kershaw will introduce the plans at 1.30pm each day

Where: Coulsdon Methodist Church
Where you can view the plans 83 Brighton Road
CR5 2BE

How to get there: Buses 60, 405, 434 and 166 pass near the Church
There is a large car park that can be used
Coulsdon Town station is 0.3 mile walking journey

Bringing care and support closer to home

Please join members of the project team at our drop-in sessions to discuss and help design the services and how the building will work. We will be available to provide information and also to answer any questions.

You will also be able to get involved via our online survey.

Residents living in the following areas will be affected by the changes:

- Purley Oaks and Riddlesdown
- Purley and Woodcote
- Sanderstead
- Kenley
- Coulsdon Town
- Old Coulsdon

Background information: The site is land south of Malcolm Road and east of Woodcote Grove Road, next door to the former CALAT Centre. This is what the site looks like:

As outlined in the NHS Long-Term Plan¹ and Croydon Health and Care Plan² we are bringing services closer to residents and providing additional GP capacity within the area.

The One Croydon Alliance is a partnership between Croydon Council, Age UK and the NHS (including South West London Clinical Commissioning Group, Croydon Health Services, Croydon GP Collaborative and South London and Maudsley NHS Foundation Trust) working together to support residents to stay well by making services more accessible and community focused.

These changes will provide additional capacity, including additional consulting/clinic rooms and workspace. These spaces will be used by a range of services including primary and community teams.

Some of the services being considered for this site include:

- General Practice
- Musculoskeletal hub

¹ "The NHS Long-Term Plan", NHSE/I, 2019

² "Croydon Health and Care Plan, 2019/20– 2024/25" One Croydon Partnership

- Rheumatology clinic
- Talking Therapy
- Integrated Community Team (health, social care and voluntary sector services)
- Falls & Frailty clinic
- Children and midwifery
- Housing and benefits advice

If you have any questions about the event, or would like to attend and have accessibility requests, please email:
