The teams over the last month have been working hard to look at local community problem solving ideas. Recently, to try and combat local drug usage we have been deploying proactive stop and search tactics which had a massive impact and great results. As we move into the summer months the Teams are looking forwards to meeting you all at local community events.

Your ward officers continue to patrol on foot and vehicle, visiting residents on the ward, conducting proactive patrol tactics on the ward along with reassurance patrols. Officers are continuing to deal with a range of ASB issues across the ward. Research is being conducted on a number of locations regarding warrants for a number of issues, while collaborating with other agencies.

Please remain vigilant and contact your local teams for advice.

Working with other Wards we have assisted with traffic operations on the periphery of our wards targeting criminals commuting into our patch.
